Dear Mayor Brosseau,

Thank you for taking the time to meet with me at the Northern Alberta Alliance for Growth and Opportunity (NAAGO) meeting on October 1, 2024, regarding the future work within the Town of Bonnyville anticipated to be part of the Highway 28 corridor project. I am happy to provide the following information as it relates to this project.

The department has engaged a consultant and recently completed the project initialization meeting. As part of the engineering assignment, the consultant will review all the intersections within the Town of Bonnyville, utilizing the general recommendations found within the Highway 28 Corridor Study. For reference and consideration, please find attached the Town of Bonnyville's proposed improvements. In addition, the design consultant will be scheduling a meeting with the Town administration to discuss and review the planned improvements and to solicit feedback.

Should you have any further questions regarding the Highway 28 project, please contact Mr. Landon Reppert, Construction Manager. Mr. Reppert can be reached toll-free at 310-0000, then 780-968-4240, or at landon.reppert@gov.ab.ca.

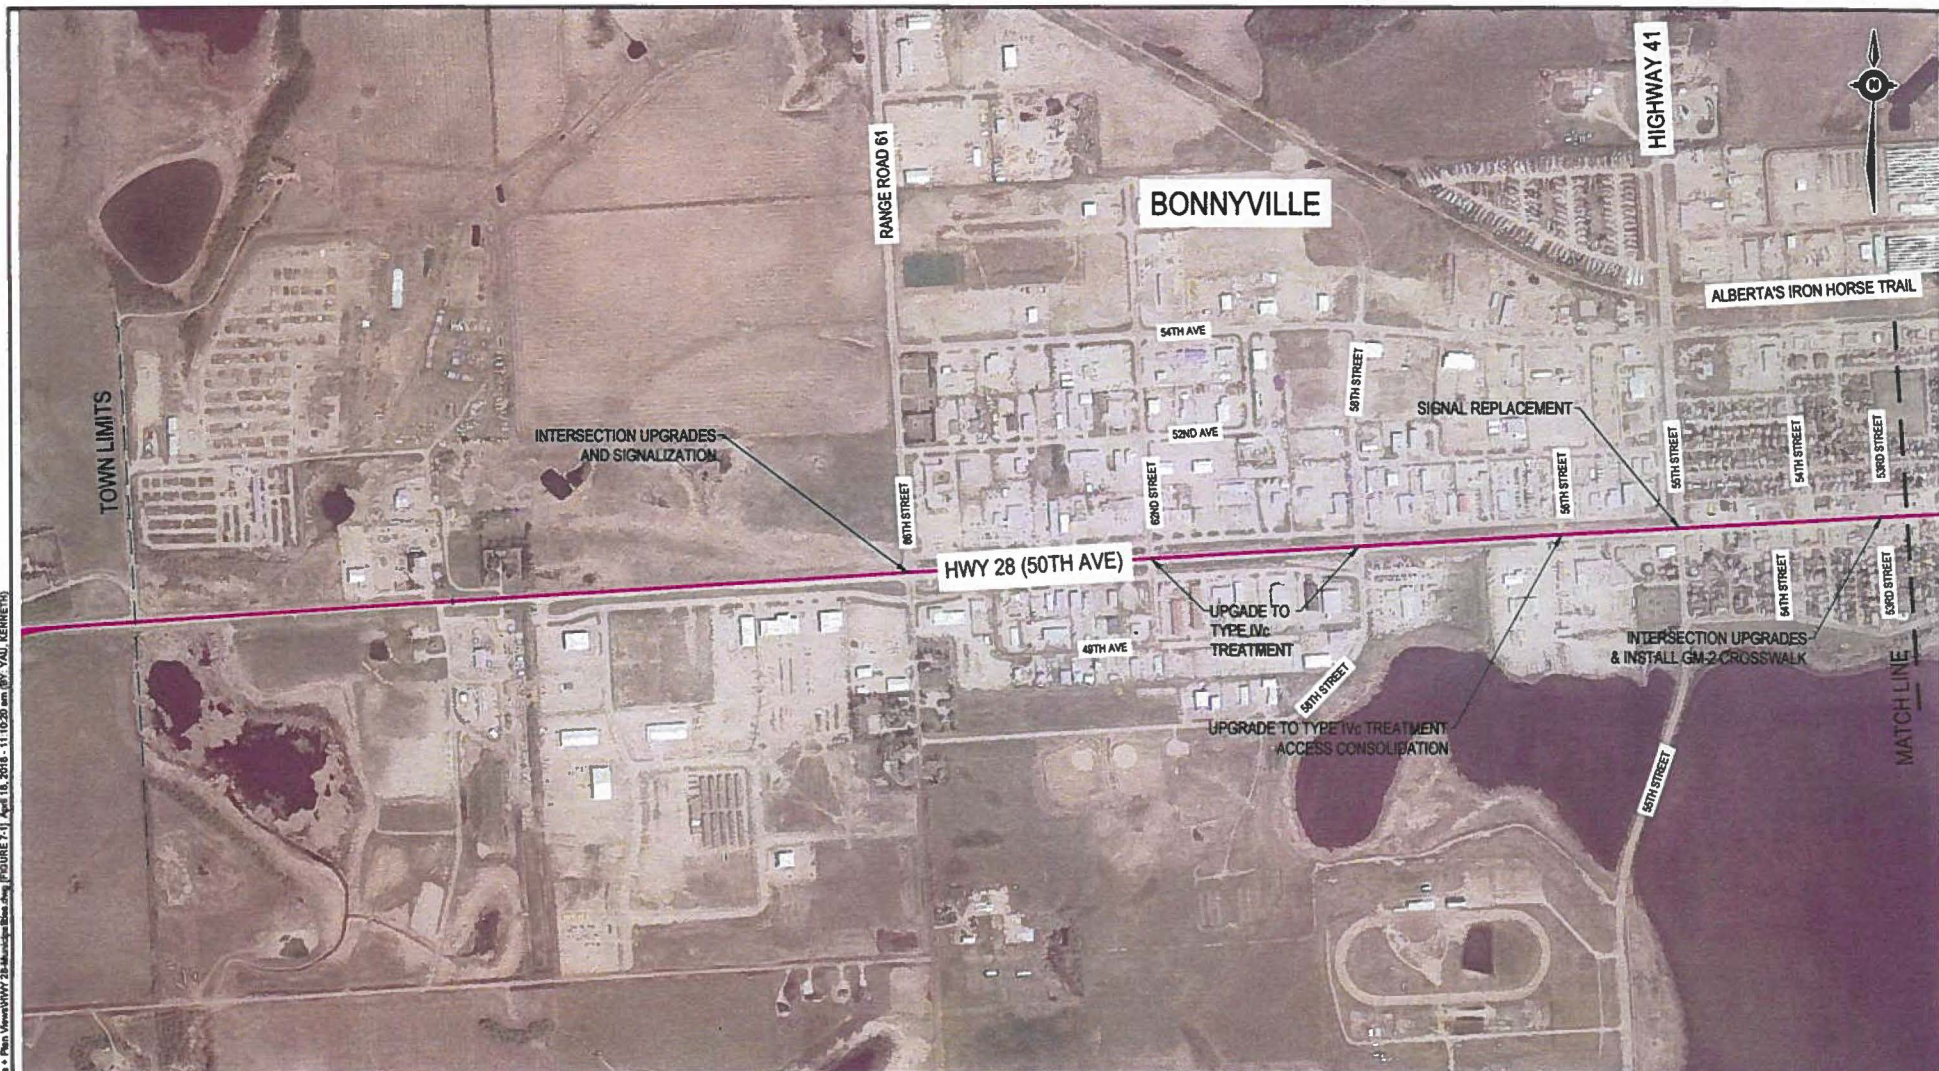

Sincerely,

Honourable Devin Dreeshen, ECA
Minister of Transportation and Economic Corridors
